Who is Eligible

All of the benefits outlined in this guide are available to part-time Beacon Mobility employees. Part-time employees are those working between 20 to 30 hours weekly. If you fall into this category, you are eligible for all benefits listed in this document. If you work less than 20 hours but more than 15, you are eligible for only Minimum Essential Coverage via Bay Bridge. These employees should contact their HR/Union rep to find out what other benefits they qualify for. If you are a seasonal employee or work off hours, please refer to your local HR department to see if you meet the definition outlined above.

Your Eligible Dependents

Your dependents eligible for coverage in the Beacon Mobility Benefits Plan include:

- ▶ Your legal spouse.
- ▶ Your married or unmarried dependent children under age 26. Medical, dental, and vision coverage goes through the end of the year in which the dependent turns 26. Dependent life coverage ends on the child's 26th birthday. (This includes stepchildren, foster children, legally adopted children, and children placed with you for adoption. Coverage does not extend to children of adult children, nor does it extend to the spouse of adult children).
- ▶ Your dependent children over the age of 26 who are physically or mentally unable to care for themselves. Disabled children must be enrolled prior to their 26th birthday.

The following persons are not considered eligible dependents: your common law spouse, legally separated or divorced spouse (unless covered under COBRA), parents, grandparents, nieces, nephews, grandchildren, siblings, boyfriend or girlfriend, roommate, or domestic partner (Note: This listing is not intended to be all-inclusive).

Important Reminder: Life Events

Open enrollment is the only time of year you are allowed to enroll, cancel, change tiers, or add/remove dependents without a **qualifying life event**.*

* Life events include, but are not limited to, marriage, divorce, birth or adoption of a child, or a change in employment status or benefits eligibility for you, your spouse, or your child(ren).

Life event election changes require notification and submission of documentation in Workday within 31 days of the event.

Flexible Spending Accounts (FSA)

Beacon Mobility offers a Flexible Spending Account (FSA) plan through WEX. An FSA allows you to pay for healthcare and dependent care expenses using money from your paycheck that is not taxed. A Healthcare FSA allows you to pay for expenses such as doctor copayments, prescriptions, dental services, and eyeglasses. A Dependent Care FSA is for expenses such as elder care, daycare center, preschool, and before- and after-school care. New enrollees will receive a debit card in the mail that can be used to pay for qualifying expenses.

2026 FSA Annual Contribution Limits*		2026 Year End
Healthcare FSA	\$3,400	\$680 of unused funds will roll over; amounts over \$680 are forfeited
Dependent Care FSA	\$7,500	No rollover at end of year; any unused funds are forfeited

* Annual FSA contribution limits are subject to change from the IRS.

Voluntary Benefits

Beacon Mobility offers employees the option to enroll in Accident, Critical Illness, and Hospital Indemnity plans through CVS Health (Aetna). If you wish to enroll in any of these coverages, please carefully review the information below. Evidence of Insurability (EOI) is not required to enroll in this coverage.

Accident

Accident insurance will pay a lump-sum benefit directly to you at the diagnosis and treatment of a covered injury. It can help offset the high out-of-pocket cost of copays, deductibles, and other expenses your medical insurance doesn't cover. You can use the money however you choose.

Critical Illness

Critical Illness insurance can pay a lump-sum benefit at the diagnosis of a covered illness. You choose the level of coverage—increments of \$10,000, up to \$40,000—and you can use the money any way you see fit. You will have options to cover yourself, your spouse, and your dependent(s).

Hospital Indemnity

Group Hospital Indemnity insurance provides a lump-sum benefit directly to you to help cover expenses if you or a covered member of your family is hospitalized.
